Phone Number(s): \_\_\_\_\_

You have the option of putting a carrier freeze on your InterLATA and/or IntraLATA long distance provider, which means that you long distance provider cannot be changed unless you remove the freeze. You can remove the freeze by giving us written authorization or by calling us and giving verbal authorization, where we require verification of your identity by requesting the social security number associated with your account. There is no charge for this service.

To initiate a carrier freeze, please complete the following:

I want to freeze my IntraLATA provider who is:

I want to freeze my InterLATA provider who is:

By signing this form, I understand my long distance carrier(s) cannot be changed without my authorization to remove this Carrier Freeze.
